To the Office:

Applicant's attorneys are now in receipt of an official communication mailed by the Office on June 1, 2009 in the form of a non-final office action (the Office Action). A shortened statutory response period of 3 months was levied on this case. The applicant is filing this response within 3 months of the mailing date of the Office Action, and thus, no extensions of time fees are required. The applicant respectfully submits that each issue raised in the Office Action is fully met, if necessary, by this response or rendered moot and that the claims are in condition for allowance. Such action is sought from the Office.
